

DISCLAIMER: All contents of this Catalogue, including but not limited to the text, graphics, images and photographs contained herein, and their layout ("Contents") are subject to protection under copyright, industrial property and/or other rights. The trademarks, including corporate logos and emblems ("Trademarks"), are subject to copyright, as well as Trademark rights of either Akrapović d.d., Malo Hudo Ba, 1295 Ivančna Gorica, Slovenia ("Akrapović") or third persons, authorizing Akrapović to use them. Any reproduction, technical or other manipulation, translation, or other use of the Contents and Trademarks is prohibited without an explicit prior written consent of Akrapović. Products, product information and their representations are provided for informative purposes only. Discrepancies between the appearance in the Catalogue and the actual products or product information may exist. Akrapović reserves the right to use additional elements for displaying its products, serving better representation only. Such elements do not represent Akrapović products and are not subject to advertising, offer or sale nor does the present Catalogue represent an offer made by Akrapović. For actual information on specific products, their availability and specifications in each country, please contact Akrapović or local Akrapović authorized dealer. Not all products are necessarily available at every Akrapović dealer. Availability of Akrapović products is subject to Akrapović's discrepancy, mainly based on inventory availability and manufacturing lead time. Akrapović may at any time and at its own discretion change the design, equipment and delivery specifications, without any prior notice. All Akrapović products must be used in accordance with the respective user's guide, with consideration of all safety instructions and precautions only. Akrapović does not assume any responsibility for printing errors or misrepresentations in the present Catalogue and may change any of the information contained herein at any time. Additional information on Akrapović products may be found at www.akrapovic.com. Please check our website as we continually launch new products.

WARNING: Because of the world-wide distribution of Akrapović d.d. products, neither Akrapović d.d. nor any of its subsidiaries make any representation that the products comply with the air and/or noise emissions laws, or labeling laws, of any jurisdiction. The purchasers are entirely responsible for informing themselves of the applicable laws where the products are to be used and to comply with those laws.

WARNING/USA: Various U.S. states and the U.S. federal government have individual laws regulating the use of aftermarket exhaust parts and systems, especially as those parts and systems modify, remove, or replace original equipment catalytic converters. Please consult the appropriate laws in your area before installing any aftermarket part or system on your vehicle to ensure compliance with all applicable laws. Neither Akrapović d.d. nor any of its subsidiaries or the sellers of the parts or systems make any representation that any of their parts or systems comply with any such laws.

WARNING/California: California laws prohibit the use of any aftermarket exhaust part or system that modifies, removes or replaces original equipment catalytic converters unless the California Air Resources Board has issued an Executive Order regarding such part or system or unless the part or system is exempted by being used only on racing vehicles on closed courses. Neither Akrapović d.d. nor any of its subsidiaries make any representation that any of their parts or systems has received such an Executive Order or that any of their parts or systems conform with the racing vehicles exemption. The purchasers are entirely responsible for informing themselves of applicable California laws and to comply with those laws.

ENTERING A NEW DIMENSION WITH AKRAPOVIČ

High-Performance Exhaust Systems for Your Ducati Motorcycle

ABOUT AKRAPOVIČ

Akrapovič exhaust systems give increased performance, an unmistakable sound, state-of-the-art design, significant weight reduction, quality workmanship, and durability. This ethos has been in Akrapovič's DNA since the beginning, now the brand has grown in international prominence to stand proudly at the top of the high-performance exhaust manufacturers' tree.

Innovative technologies, including the development of unique titanium alloys, have led to unmatched high-quality components produced and casted within its own in-house foundry. Akrapovič pushes performance levels to outstanding heights and has created a unique soundtrack for its exhaust systems.

With boundaries being broken in the design world, leading to numerous impressive and prestigious honours for the groundbreaking exhausts it has produced – including Red Dot product design awards – Akrapovič has received a true recognition of all it has accomplished.

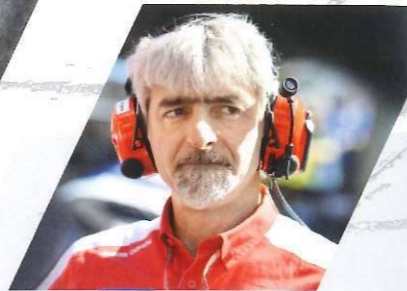

25-YEARS AND COUNTING

STAND OUT WITH AKRAPOVIČ

- Increased performance
- Advanced technology
- Quality workmanship
- Unique sound
- Innovative design
- Improved durability

Akrapovič marks an important milestone in the company's history in 2016 when the Slovenian exhaust specialist celebrates its 25th anniversary. Since its inception in 1991, when founder Igor Akrapovič began tuning engines and making exhausts in his garage for local motorcycle racers, Akrapovič has grown to international recognition as the leading manufacturer of ultra lightweight high-performance exhaust systems in the world.

**RACING IS A VITAL PART
OF OUR DNA**

“ The Ducati team wants to have the best components on their motorcycles and we're primarily interested in the reliability and durability of the product, which must endure even the greatest pressures. The stress on MotoGP racing bike components is truly enormous. In addition to durability, enhanced engine power and the usable power curve are also important factors in an exhaust. Technology plays an extremely important role in exhaust systems and this is where Akrapovič provides excellent support. ”

Luigi Dall'Igna, Ducati Corse General Manager

Akrapovič has more than twenty years of racing experience at the pinnacle of moto racing and over 100 world champions have trusted our exhaust systems to give them the performance and results they need. It's this heritage that makes Akrapovič the preferred choice among racing teams and road-riders alike.

From MotoGP™ machines to national championship bikes, Akrapovič exhaust systems are designed to reduce weight, increase performance, and extract additional power. Akrapovič exhaust systems harness and enhance the linear power from the vrcycle's engine, making the bike more ridable and give the rider a true feeling of the engine and its performance through the science of throttle control. This dedication to produce the best is a philosophy that's channelled through to road-bikes -making them lighter, faster, and better.

DUCATI CORSE PARTNERSHIP

Akrapovič is proud partner and official sponsor of Ducati Corse in MotoGP and Superbike World Championship. The successful partnership with Ducati started in 2014 in MotoGP and was extended to the Superbike World Championship the following year, in 2015.

**AKRAPOVIČ PRODUCTS
FOR DUCATI MOTORBIKES**

Ducati Scrambler / 2015-2016

+ 2.3 HP / 7200 rpm, - 3.6 kg (- 60%)
S-D8S04-CUBTBL / Slip-On Line (Titanium)  
S-D8S03-HCUBTBL / Slip-On Line (Titanium)  
E-D12E5 / Optional Header (Titanium)

Ducati Monster 1200/1200S / 2014-2016

+ 2.4 HP / 8650 rpm, - 3.9 kg (- 68%)
S-D8S02-HRBL / Slip-On Line (Titanium)  
S-D8S02-HRT / Slip-On Line (Titanium)  
E-D12E1 / Evolution Header (Titanium)
Technical data are measured with link pipe L-D12S02

Multistrada 1200/1200S / 2015-2016

+ 1.2 HP / 8650 rpm
S-D12S07-HHX2T / Slip-On Line (Titanium)     
S-D12S06-HAPT / Slip-On Line (Titanium)     
E-D12E4 / Optional Header (Titanium)

Ducati Monster 821 / 2014-2016

+ 2.7 HP / 6300 rpm, - 3.9 Kg (- 68%)
