

DISCLAIMER: All contents of this Catalogue, including but not limited to the text, graphics, images and photographs contained herein, and their layout ("Contents") are subject to protection under copyright, industrial property and/or other rights. The trademarks, including corporate logos and emblems ("Trademarks"), are subject to copyright, as well as Trademark rights of either Akrapović d.d., Malo Hudo 8a, 1295 Ivančna Gorica, Slovenia ("Akrapović") or third persons, authorizing Akrapović to use them. Any reproduction, technical or other manipulation, translation, or other use of the Contents and Trademarks is prohibited without an explicit prior written consent of Akrapović.

Products, product information and their representations are provided for informative purposes only. Discrepancies between the appearance in the Catalogue and the actual products or product information may exist. Akrapović reserves the right to use additional elements for displaying its products, serving better representation only. Such elements do not represent Akrapović products and are not subject to advertising, offer or sale nor does the present Catalogue represent an offer made by Akrapović. For actual information on specific products, their availability and specifications in each country, please contact Akrapović or local Akrapović authorized dealer. Not all products are necessarily available at every Akrapović dealer. Availability of Akrapović products is subject to Akrapović's discrepancy, mainly based on inventory availability and manufacturing lead time. Akrapović may at any time and at its own discretion change the design, equipment and delivery specifications, without any prior notice. All Akrapović products must be used in accordance with the respective user's guide, with consideration of all safety instructions and precautions only. Akrapović does not assume any responsibility for printing errors or misrepresentations in the present Catalogue and may change any of the information contained herein at any time. Additional information on Akrapović products may be found at www.akrapovic.com. Please check our website as we continually launch new products.

WARNING: Because of the world-wide distribution of Akrapović d.d. products, neither Akrapović d.d. nor any of its subsidiaries make any representation that the products comply with the air and/or noise emissions laws, or labeling laws, of any jurisdiction. The purchasers are entirely responsible for informing themselves of the applicable laws where the products are to be used and to comply with those laws.

WARNING/USA: Various U.S. states and the U.S. federal government have individual laws regulating the use of aftermarket exhaust parts and systems, especially as those parts and systems modify, remove, or replace original equipment catalysts. Please consult the appropriate laws in your area before installing any aftermarket part or system on your vehicle to ensure compliance with all applicable laws. Neither Akrapović d.d. nor any of their subsidiaries or the sellers of the parts or systems make any representation that any of their parts or systems comply with any such laws.

WARNING/California: California laws prohibit the use of any aftermarket exhaust part or system that modifies, removes or replaces original equipment catalysts unless the California Air Resources Board has issued an Executive Order regarding such part or system or unless the part or system is exempted by being used only on racing vehicles on closed courses. Neither Akrapović d.d. nor any of their subsidiaries make any representation that any of their parts or systems has received such an Executive Order or that any of their parts or systems conform with the racing vehicles exemption. The purchasers are entirely responsible for informing themselves of applicable California laws and to comply with those laws.

ECE Type Approval

Akrapović exhaust systems that meet ECE type approval are designated in this catalog with the  icon.

EC Type Approval

Akrapović exhaust systems that meet EC type approval are designated in this catalog with the  icon.

CARB Compliant (Replacement parts)

Akrapović exhaust systems that are CARB compliant (replacement parts) are designated in this catalog with the  icon.

EPA Compliant

Akrapović exhaust systems that are EPA compliant are designated in this catalog with the  icon.

SA Compliant

Akrapović exhaust systems that meet the USA Forest Service Standard for spark arresters FS5100-1 are designated in this catalog with the  icon.

ENTERING A NEW DIMENSION WITH AKRAPOVIČ

High-Performance Exhaust Systems for Your Yamaha Motorcycle

ABOUT AKRAPOVIČ

Akrapovič exhaust systems are renowned for increasing performance, having an unmistakable sound, state-of-the-art designs, significant weight reductions, quality workmanship, and durability. This ethos has been in Akrapovič's DNA since the beginning, and the brand has now grown to international prominence, standing proudly at the top of the performance exhaust manufacturer's tree.

Through the use of innovative technologies, including the development of its own titanium alloys, which has led to unmatched high-quality components produced and casted within its own in-house foundry, Akrapovič has pushed performance levels to outstanding heights and created a unique soundtrack for its exhaust systems. Additional to this it has broken boundaries in the design world. Impressive honours and numerous awards, among other also Red Dot product Design awards, for the ground-breaking exhausts it has produced are a true recognition of everything Akrapovič has accomplished.

STAND OUT WITH AKRAPOVIČ

- Increased performance
- Advanced technology
- Quality workmanship
- Unique sound
- Innovative design
- Improved durability

25-YEARS AND COUNTING

25
YEARS

Akrapovič marks an important milestone in the company's history in 2016 when the Slovenian exhaust specialist celebrates its 25th anniversary. Since its inception in 1991, when founder Igor Akrapovič began tuning engines and making exhausts in his garage for local motorcycle racers, Akrapovič has grown to international recognition as the foremost manufacturer of premium exhaust products in the world. Racing has always been the lifeblood of Akrapovič, and as the company celebrates its 25th anniversary, it also celebrated its 100th World Champion, a feat achieved when Jorge Lorenzo (Movistar Yamaha MotoGP) won the MotoGP™ championship in 2015.

**RACING IS DEEPLY ROOTED
IN OUR DNA**

Akrapovič has more than 20-years of racing experience at the very top level of the sport, winning more than 100 world championship titles. These champions and their teams have trusted our exhaust systems to give them the performance and results they need. It's this heritage that makes Akrapovič the desired choice among racing teams and riders alike. From MotoGP™ machines to national championship bikes, Akrapovič exhaust systems are designed to reduce weight, increase performance, and extract additional power. Akrapovič exhaust systems harness and enhance the linear power from the motorcycle's engine, making the bike more rideable and give the rider a true feeling of the engine and its performance through the science of throttle control. This dedication to produce the best is a philosophy that's channelled through to road-bikes -making them lighter, faster, and better.

**COOPERATING
WITH YAMAHA**

Akrapovič and Yamaha have been developing products to advance the motorcycle market for many years. Collaborating on both commercial production and various racing activities in road racing (MotoGP, WorldSBK, EWC, STK1000, WorldSSP 600, WorldSSP 300) and well as in off-road disciplines (EnduroGP/E1/E2, Cross-Country Rallies / Dakar rally, MXGP, MX2), has resulted in a great joint product portfolio, in addition to winning numerous world championship titles.

“ The Akrapovič brand provides a good and reliable partnership for us filled with trust and technical support. It offers just the right balance between development, testing new materials, and product reliability, which is of key importance. I know the Akrapovič production facilities, and anyone that visits them is impressed by the site and the technology they have there. ”

Lin Jarvis, Managing Director of Yamaha Motor Racing

**AKRAPOVIČ PRODUCTS
FOR YAMAHA
MOTORBIKES**

Yamaha Tracer 700 / 2016, MT-07/FZ-07 / 2017

+ 3,0 HP / 9000 rpm, -1,9 kg (-26,4%)
S-Y7R5-HEGEH / Racing Line (Titanium)  *
S-Y7R2-AFC / Racing Line (Carbon)

*Only valid with catalytic converter P-KAT-051

Yamaha YXZ1000R / 2016

+ 5.5 HP / 8850 rpm, - 5.1 kg (- 50.5%)

S-Y10E5-ALAGT / Evolution Line (Titanium)

S-Y10E5-ALAGTA / Evolution Line (Titanium) 

Yamaha MT-09/FZ-09/Tracer 900/FJ-09 / 2017

+6,7 HP / 10050 rpm, -2,0 kg (-24,2%)
S-Y9R8-HEGEHT / Racing Line (Titanium)  *

*Only valid with catalytic converter P-KAT-057

COMING SOON!
YAMAHA T-MAX 2017
YAMAHA YZF-R6 2017

Yamaha YZF-R1 / 2015-2016

+ 3,6 HP / 13700 rpm, - 5,3 kg (- 53%)
S-Y10E4-HX2T / Evolution Line (Titanium)
S-Y10SO14-HHX2T / Slip-On Line (Titanium) 
L-Y10SO14T / Optional Link Pipe/Collector (Titanium)

Yamaha YZF-R1 / 2015-2016

+ 3,6 HP / 13700 rpm, - 5,2 kg (- 52%)
S-Y10E2-HX2C / Evolution Line (Carbon)
S-Y10SO13-HHX2C / Slip-On Line (Carbon) 
L-Y10SO12T / Optional Link Pipe/Collector (Titanium)

Yamaha YZF-R1 / 2015-2016

+ 7,5 HP / 7200 rpm, - 5,8 kg (- 58%)
S-Y10E3-APT / Evolution Line Kit (Titanium)
S-Y10SO11-HAP / Slip-On Line (Titanium) 
L-Y10SO11T / Optional Link Pipe/Collector (Titanium)

Yamaha YZF-R3 / 2015-2016, MT-03 / 2016

+ 1,2 HP / 11000 rpm, - 5,0 kg (- 61%)
S-Y2R1-CUBSS / Racing Line (SS)
S-Y3R1-APC / Racing Line (Carbon)
S-Y2SO13-HAPC / Slip-On Line (Carbon) 
S-Y2SO11-AHCSS / Slip-On Line (SS)

Yamaha MT-10/FZ-10 / 2016

+ 4,7 HP / 11250 rpm, - 4,8 kg (- 42,5%)

S-Y10R14-HX2T / Racing Line (Titanium)
